

| <b>Curriculum</b>  | <b>Summer Term Learning</b>                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                 |
|--------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>English</b>     | <p><b>The Spiderwick Chronicles by Holly Black and Tony DiTerlizzi</b><br/> <i>Reading, writing and grammar skills will be taught through this novel study. At the end of the unit, the children will write a narrative.</i></p> <p><b>The BFG by Roald Dahl</b><br/> <i>Reading, writing and grammar skills will be taught through this novel study. At the end of the unit, the children will write a narrative.</i></p>                                                                                                                  |
| <b>Mathematics</b> | <p><b>Fractions</b><br/> <i>In this unit, children will recognise part-whole relationships, know fractions as part of a whole or a whole set and as a number. Children will also learn to add, subtract, compare and order fractions of a quantity.</i></p> <p><b>Angles and Shape</b><br/> <i>Children will identify angles including right angles and recognise as a quarter of a turn. Identify and draw parallel and perpendicular lines. Draw/make, classify and compare 2-D and 3-D shapes. Measure the perimeter of a shape.</i></p> |
| <b>Science</b>     | <p><b>Sound</b><br/> <i>Children will understand how sounds are made and how they travel. Children will also learn the relationship between the features of the sound creator and the pitch and volume of the sound.</i></p>                                                                                                                                                                                                                                                                                                                |
| <b>Geography</b>   | <p><b>Celebrating Our World</b><br/> <i>In this unit, children will learn how explorers mapped the world, the characteristics of an island, recognise, and appreciate the seven wonders of the world.</i></p>                                                                                                                                                                                                                                                                                                                               |
| <b>PE</b>          | <p><b>Gym</b><br/> <i>At the end of this unit, children will perform a range of balances and spins.</i></p> <p><b>Athletics</b><br/> <i>In this unit, children will develop their running, jumping and throwing technique.</i></p>                                                                                                                                                                                                                                                                                                          |
| <b>Computing</b>   | <p><b>Email</b><br/> <i>Children will learn how to write, send and receive emails.</i></p> <p><b>Online Safety</b><br/> <i>Children will learn how to safely download apps and images.</i></p>                                                                                                                                                                                                                                                                                                                                              |
| <b>Art</b>         | <p><b>Landscape Paintings</b><br/> <i>Children will study the work of David Hockney to create their own landscape. They will be learning how to create a background using a wash, as well as using a range of brushes to create different painting effects.</i></p>                                                                                                                                                                                                                                                                         |
| <b>RE</b>          | <p><b>Brahman</b><br/> <i>Children will learn about Brahman and how this belief influences Hindu's everyday lives.</i></p>                                                                                                                                                                                                                                                                                                                                                                                                                  |
| <b>Music</b>       | <p><b>Composition</b><br/> <i>Children will learn how to compose using crotchets and quavers, then perform these using glockenspiels.</i></p>                                                                                                                                                                                                                                                                                                                                                                                               |
| <b>PSHE</b>        | <p><b>Relationships</b><br/> <i>Children can explain how some of the actions and work of people around the world help and influence their life, as well as showing an awareness of how this could affect their choices.</i></p>                                                                                                                                                                                                                                                                                                             |
| <b>Languages</b>   | <p><b>Vive Le Sport</b><br/> <i>Children will learn how to speak, listen and write in French, in the context of sports, activities and diet.</i></p>                                                                                                                                                                                                                                                                                                                                                                                        |
