

Curriculum	Y6 Summer Term 1 Learning
English	<p style="text-align: center;">Reading</p> <p>Children will use a selection of short reading texts to practise reading fluency and apply taught strategies to complete reading comprehension tasks</p> <p style="text-align: center;">Spelling and Grammar</p> <p>Children will use the sounds and syllables approach to practise spellings. Children will practise and consolidate all grammar terms ready for SATs</p> <p style="text-align: center;">Writing – Alma (short film)</p> <p>After SATs, children will begin working on a narrative piece</p>
Mathematics	<p style="text-align: center;">Maths Y6</p> <p style="text-align: center;"><i>Revision of all topics in preparation for SATs.</i></p>
Science	<p style="text-align: center;">Light</p> <p>In this unit of learning children will investigate mirrors and shiny surfaces and how they alter the direction in which light travels and that when they see objects, light enters the eye. Children contrast reflection and shadow formation. Work in this unit also offers opportunities for children to investigate first hand refraction, colours of light and the making of a periscope. Science learning will include also the works of key scientific figures like the British scientist Isaac Newton and invention of the first reflecting telescope.</p>
Geography	<p style="text-align: center;">Biomes and Vegetation Belts</p> <p>Children will explore the layers of the rainforest, locate the world's deserts and discover the animals of the savannah.</p>
PE	<p style="text-align: center;">Yoga</p> <p>The children develop their yoga skills and create their own flow that they can teach to their peers.</p> <p style="text-align: center;">Athletics</p> <p>Children will develop running, jumping and throwing skills through individual and team events.</p>
Computing	<p style="text-align: center;">3d Modelling</p> <p><i>In this unit, children be introduced to 2Design and Make and the skills of computer aided design. They will explore the effect of moving points when designing and understand designing for a purpose and printing and making.</i></p>
Art	<p style="text-align: center;">Set Design</p> <p>Children will enjoy making models and maquettes as a way to explore set design, linking 3d making to literature, music, film and animation.</p>
RE	<p style="text-align: center;">Islam</p> <p>The children will explore the question: Does belief in Akhirah (life after death) help Muslims live good lives?</p>
Music	<p style="text-align: center;">Racel and Exploring Identity Through Music</p> <p>Identify ways songwriters convey meaning: through lyrics, the music, and the performance. Understand different ways that rhymes work in songs. Identify different elements of a song's structure. Understand the concept of identity and how you can express that in songs.</p>
PSHE/ wellbeing	<p style="text-align: center;">Relationships</p> <p>In this unit the children will learn how to recognise power and control in relationships and demonstrate ways to stand up for themselves and friends in situations where others are trying to gain power and control.</p>
Languages	<p style="text-align: center;">Scenes de Plages</p> <p>Children will develop their French speaking, vocabulary, writing and listening skills based around the beach.</p>
