

Summer Fun Activities

Keep your family entertained during the holidays with these suggested activities

Week 1: My Family

This week our family project will be based on your own family.

Here are some ideas for activities:

1. Create a family portrait.
This could be done using pencil, pencil crayon, paint or any media you wish.
2. Draw a family tree. How many branches can you add? This is a nice whole family which might require to ask other family members for information. I'm sure the whole would love to see it once you have completed it.
3. Create a booklet about your family. Allocate each family member one page and write what you know about them. This could be their job, their hobbies, likes/dislikes etc. You could even include a photo or picture of them. You could produce this on a computer or handwritten.
4. Make your family's favourite meal together. What is your family favourite? Decide together and get cooking!
5. Design a family crest. Think about what is important to your family and draw symbols in a crest to represent these values.
6. Play a board game. Together, decide on your favourite board game and have a game or two.
7. Create a jar of things you would do together as a family. Take these out one at a time and complete them.

Reading

Your **Summer challenge** is to keep reading!

Below are a list of ideas and resources to help you to keep reading:

- Join in with our school Summer Reading Bingo- see separate attachment on app.
- Join in with a Summer Reading Challenge brought to you by The Reading Agency. This year it has moved online! Click on the link to access all the information, including information on how to access e-books whilst the libraries are closed.
<https://summerreadingchallenge.org.uk/>
- Sign up for a library card to access free downloadable e-books
- Visit our school website and you find links to website that offer free reading resources, including a BAME virtual library.
- Visit the [Google virtual library](#)
